1. Reference is made to your letter, AFCS1-GE LIR 82 - Policy, dated 3 May 1960, transmitting your request for clearance for passage to NORAD of summaries [redacted] dated 23 March 1960, and [redacted] dated 2 March 1960.

2. With reference to [redacted] passage of the summary prepared by you can be authorized only if certain ~~essential~~ items are elided. These are:

a. Reference to the Berlin situation. Suggested alternative: "In guidance to a number of European CP's, Khrushchev emphasized that a strong illegal apparatus was vital because of the possibility of suppressive action against the CP's in the Free World".

b. All identification of specific countries wherein the trend towards the improvement or establishment of illegal apparatus and paramilitary forces has been observed. Suggested alternative: "Evidence of the above trend has been observed in a number of Free World CP's and is particularly noticeable in Asia, Latin America and the Middle East." (Note that Europe is not included due to the lack of confirmatory evidence to support previously received reports).

3. In addition to the above, we would like to point out an inaccuracy in the footnote appended to the first paragraph of your summary. The 12 Party Declaration was not issued by the 65 odd Communist Parties attending the November 1957 conference. It was issued by 12 bloc parties and was subsequently endorsed by virtually all of the CP's of the Free World.
